Dear Dr. Marcel,

RE: REVISION OF T-IFS-05481-2015

please find attached a revision of the above referenced paper you are handling in your capacity as Associate Editor for the IEEE Transactions on Information Forensics And Security.

We have attached to this revision a rebuttal letter which sets out the substantial modifications introduced to the article as a results of the reviewers' recommendations. We are entirely satisfied that we have addressed every single one of these, either through appropriate additions or edits to the manuscript, or through appropriate argumentation contained within the rebuttal.

We are confident that the revision should meet with your approval and look forward to receiving the outcome of the re-review.

Yours sincerely,

Artur Janicki,
Federico Alegre,
